

Templates for the panel moulding patterns shown in this book are available through Weinig Custom Grinding Service. Panel mouldings include all base caps, picture mouldings, and back bands.

In addition to these stock templates, Weinig Custom Grinding Service also will make custom-profile panel moulding templates specifically for your needs. Templates can be made using other CAD drawings, a wood sample, a tracing, or only an idea.

PANEL MOULDING PATTERNS

Panel mouldings are grouped into three categories:

- BC Base caps, which include back bands and panel caps
- PM Panel mouldings
- CM Picture mouldings
